Amusements During the Fair Week. By the request of many citizens, the Amateur Concert, for the benefit of the Episcopal and Presbyterian churches, will be repeated on Wednesday night during the Fair week.

We would call attention to the coming Concert, to be given by the ladies of Coimbia, (vocalists and instrumental performers,) on the night of Sept. 30th, during the week of the Maury County Fair. It is for the benefit of the Monunental Association at this place. And what object more worthy the erecting a monument over all that remains of those who fell for us, for country and for home? We solicit the attention of all who feel

an interest in the cause, not only our own citizens, but those of the neighbor-ing counties. Think but a moment, and you will come. Our loved and fallen ones have not been left "unwept," nor yet "unsung," but are, as it were, "un onored"-silently sleeping 'neath the willow, with no monument to speak of nought to tell of our undying gratitude.

Mr. Ussery and Hull had been alternating day and night, and ac-cording to "turn," it devolved on Ussery to address the clergy. At the close of the discourse the pentient were invited forand six or seven presented themselves.

After the first prayer Rev. Mr. Hull was unfolding the subject or Faith by a brief comment on the "Brazen Serpent" and the bitten Isrealites, (John 3ch.) Durthe bitten Isrealites, (John 3ch.) ing the lecture Wm. Lee arose to his feet, and stood some moments in anxious attitude for Hull to close. Growing weary, however, of his position, he resumed his seat, but embraced the first opportunity and obtained leaveto' speak. He commenced by saying that those penitents were honest. Furthermore, that they were converted, that we might ask them, and they would tell us they were sorry for sin, and were deter-mined to forsake their sins, etc. He urged that there was no promise of sal-

He expressed a very warm bene-diction upon the Baptist ministers—giv-ing them his hand, saying, "Brethren, I love you; come, let us preach the truth to these people. He commended Ussery by saying that he had preached enough truth to cut those sinners to the heart, but &c. After he was seated Rev. Mr. Hull arose and made a mild but pointed reply, showing that Rev. Mr. Lee viewed everything from a physical stand-point, and that the Faith that he claimed as Gospel Faith was just what every man in the country had unless he was an Infidel. He erdeayored to show that his repentance was defective, and his religion a delusion. He closed by telling the venerable man that he was tottering for the tomb; and that if he had a change of heart, and the spirit of God bearing witness with his that he was in a deplorable condition and he pitied him and his deluded followers. Ample time for all this has now elapsed, and by a continuance of transmigrations, these same souls are again in human breasts, still retaining the idea, however, of a city in the valley of Mt. Nebo. The proprietor of this celebrated medeciac ustly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy and permanent cure of Ague and Fever, or Chals and Fever, whether of shrt or long standing. He refers to the entire Western and Southwestern country to bear him testimeny to the truth of the assertion, that in no case ny to the truth of the assertion, that in no case whatever will it fall to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with perfect restoration of the general health. It is, however, prudent, and in

tined in smaller doses for a week or two after the disease has been checked, more especially in difficult and longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, how ever, require a cathartic medicine, after havin, taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient. before you further go. VILLANOW, WALKER COUNTY, GA., June 29, 1866.

Dw. John Bull.—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large country bractice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more tagen ions than myself may have learned its effectifirst, and secured the sole right to secure that knowledge. However, I an by no means an advocate or supporter of the thousands of worthless nostrums that flood the country that average. I have received many testimonials from pro-fessional and medical men, as my alumines and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have over received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Dr. says of BULL'S WORM DESTROYER:
